

Samuel Abraham

USER SUPPORT TECHNICIAN / IT SUPPORT

Oshawa, Ontario, Canada | samuelabraham321@gmail.com | LinkedIn | GitHub | Portfolio

PROFESSIONAL SUMMARY

User support candidate with hands-on Windows, Microsoft 365, Active Directory, networking, and PowerShell experience. Resolves user issues, documents fixes, and automates repeatable support work.

TECHNICAL SKILLS

Operating systems and identity: Windows 10/11, Windows Server 2022, Active Directory, Group Policy, Linux fundamentals

Networking: TCP/IP, DNS, DHCP, subnetting, connectivity troubleshooting, virtual networking

Support workflow: Microsoft 365, account provisioning, issue triage, escalation notes, software inventory, runbooks

Scripting and automation: PowerShell, Python, Pester, CSV/JSON reporting, REST APIs

EXPERIENCE

Order Picker - Fulfillment Operations | GEODIS | Oshawa, ON

November 2025 - Present

- Kept time-sensitive orders moving by identifying inventory discrepancies and escalating blockers before handoff.
- Protected fulfillment accuracy through documented picking, verification, safety procedures, and clear shift handoffs.

Fulfillment Center Associate | Amazon | Ontario

June 2023 - October 2025

- Met daily productivity and quality expectations across changing assignments and priorities.
- Reduced workflow interruptions through fast coordination while maintaining safe, accurate operations.

SELECTED PROJECTS

eFootball League Dashboard | Live demo | Source

Built a live Next.js league dashboard with public standings, authenticated administration, validated scoring, automatic fixtures, and an audit trail.

Active Directory Home Lab | Source

Automated a three-VM Windows domain with 50 test users, eight Group Policies, delegated access, event forwarding, backup and recovery scripts, Pester tests, and six runbooks.

IT Helpdesk Automation Toolkit | Source

Created four PowerShell workflows for bulk users, password resets, health checks, and software inventory with dry-run safety, audit output, and Pester checks.
